

Pog Mahones Irish Pub & Restaurant is a Queenstown icon. The pub is located right on the waterfront in the heart of Queenstown Bay. The Kiwi/Irish owners originally had the pub designed and built in Ireland itself then had it shipped, lock stock and barrel, all the way to NZ. Pogs features Celtic music, the friendliest staff and inviting open fires, with an exciting mix of traditional and contemporary food and beverages - all this with some of the best views in NZ.

Our Stonegrill menu adds a unique dining experience to the mix. So for those interested in great fun, stunning alpine views and a warm and inviting atmosphere, Pogs is a combination that's hard to beat!

Function Space:

The upstairs bar and balcony are popular for corporate functions, pre & post conference functions, as well as private parties. This area can seat 30 people inside with additional seating on the balcony for 10 people, and can accommodate drinks and nibbles for 50. For bigger special events we have even been known to hire out the entire pub! Pogs is a truly unique pub in a truly unique location. We hope you enjoy it as much as we have over the years.
